**Commissioner for Patents**

This office communication is in response to the letter received November 21, 2003. The applicant states in the letter that the drawings of March 11, 2001 appear to be acceptable but that there has been no mention of approval. The examiner notes that in paper #7 the drawings were objected to. The objection was overcome by the proposed, and approved, drawing correction of June 26, 2003. Therefore, corrected drawings are required, as set forth in the Notice of Allowability.
